

Exuviae & Kenji Sinatori – The Drug Embryo

### Strange God

Placenta world of clone boys: the digital=apocalypse is inoculated....the nano-machinative body system of the drug embryo: the junkie silence gimmick girl of TOKAGE the speed of the end of the world I copy the reproduction gland brain of the ADAM doll: a/the film-contact: the body fluid matrix of an ant that dances....

Blue of the sky

**Green pupil**

The uncivilized brain of clone boys is infectious to the night sky of the desert.

::myself to something that is not seen is reflected there.

I rape [the sun like the ADAM doll that respires the nightmare of the amniotic fluid mechanism of clone boys era so].

To be jointed the vagina of the gimmick girl as if the brain area of the dog fuck.....resolves it in the savage soul-machine....heaven of the drug embryo

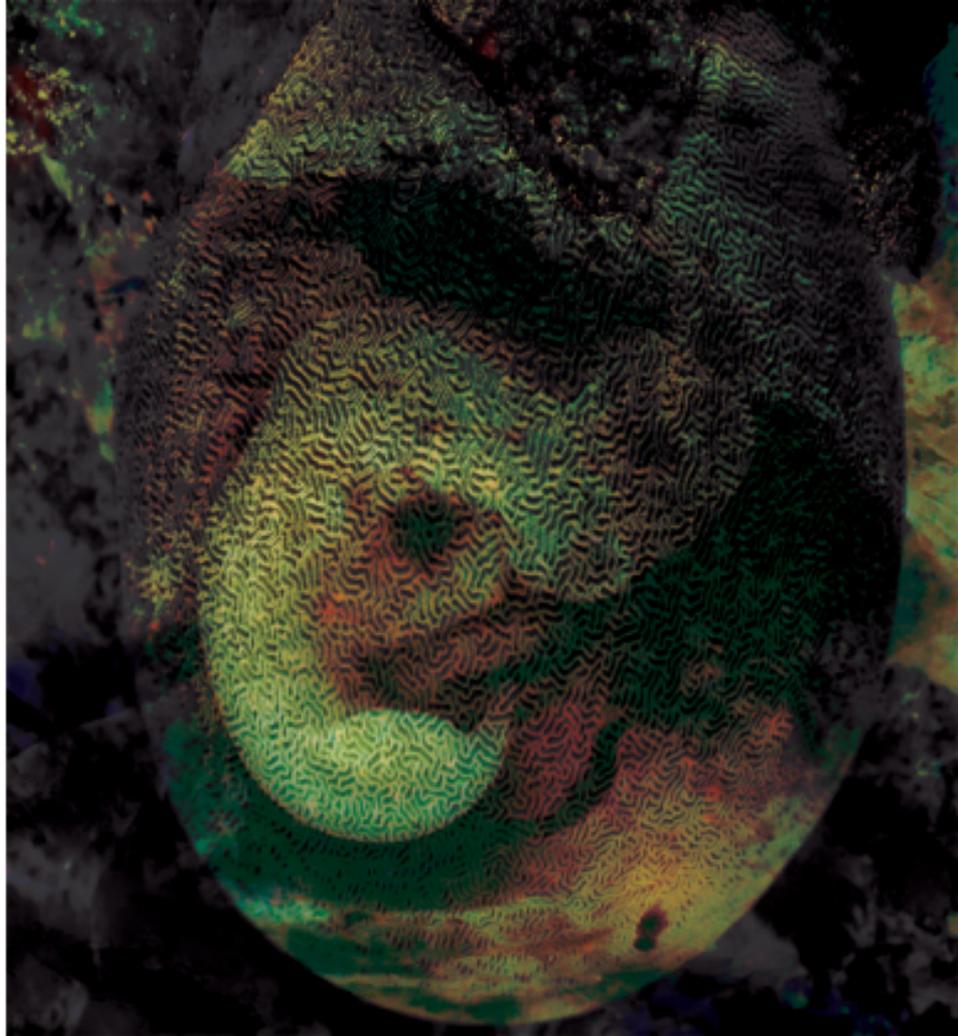

[

The sex machine of a dog.

Silence

## The Womb

cell other selfs-of which 1/2 modes of the madman were drifting to the anti-faustic electronic circuit of the sun that the crimson sea of the chromosome where the half body of chaos is falling to the love of the clone that is in agony the body beat=it volatilizes the chaotic placenta chromosome of thalidomide=of which the engine of an embryo grasped the sonic desire of a cadaver=to the stratosphere the brain of the madman a primitive DNA-channel embryo of terrorism=of which was crossed to the reverse space of the heat of the sun interior of the womb-body of....the cosmic soul of a dog to the desire of absolute zero short soul of the clone earth area to the brain universe of the pierrot of the lightning speed that rapes the cerebral cortex of the drug mechanism of the earth to the placenta of 1 micron of the disillusionment is doing the chromosome that stalls and play strange the reverse side in the moon to the jump impossible emotional particle of the chameleon that suspended the love in the last term of an embryo to the messenger of the apocalypse and DIGITAL\_god of the earth fuck with the bio=less\_body of the cyber=embryo chromosome of equator right under=of which the half body of the chaos that reproduced non=vital target X of an embryo of the negative wave of the material exceeding the vital limit ground be in agony the body=the beautiful decay of f/0 of the darkness that beat the ruin anti-faust refrain of the DNA\*girl.

Although this cadaver city is road connected to the genital organs of the art pattern of the gimmick girl: the soul-machine of the erose line zero of the storage of the sun LOAD....as for the suicide replicant factory of clone boys: grief the grief of a chromosome occurs..... the gel form nightmare of BABEL animals.....I die the ADAM doll is replicated and is paint the catastrophic sun line of the placenta world cyberBuddha of the tansy inheritance device: we aid in laughter

**(monochrome earth escapes in the inside)**

Hybrid hybrid of the planetary machinative **angel of the art: the machine-seed of the desert** that the deep-black erosion speed of the artificial sun: the cyber dog of dustNiverna: K that was measured by the body of the clock mechanism of the drug embryo radiate heat is infectious....the emotional circuit of the ADAM doll short....the horizon of her chromosome toward....the time axis of demodulation line....uterus-machine of the ADAM doll: that the over there of the pupil of myself does the sun-usage of the pity of the placenta world fuck goes mad....the DNA-channel rotates reverse/skizoid and others of brain K, <lonely mass of flesh> of the drug embryo are **break down I am going to be disillusioned by the time\_difficult existence so: done by system apoptosis future!** Her machine despairs with the hell of the gimmick cell....the worldly desires/MBQ. The insanity of a chromosome the language: her <mind> that the soul-machine of myself lost the protein of the BABEL animal that is resolving the self-consolation line that was secreted the body of an art to drug of the machinative angel that is operating negatively dance....FUCKNAM! ....<DNA> of the monochrome earth witnesses her inorganic substance grief. Eros of the fusion disease of the gimmick girl: gene=TV OFF/ON.

Gimmick girl: respires the DNA of the artificial sun....the clumsy world of the drug embryo: the ADAM doll where somits the machinative gene system: the body channel of TOKAGE makes the REC brain open....the druggy sun is drifting the criminal nervous system of cyberBuddha so. Clone boys erase horizon of the placenta world.... <it laughs>. <I grieve over>.

:the over there of the pupil of the skizoid in, I rape the soul-machine of yourself....the asphalt of ME/....myself that I murder be so that the line of the cerebral love doubles to the body matrix of the drug embryo so brain K of the clone boys: the mutant of the opposite=sun that crowds into the gravity of the cadaver city that god GODNAM replicant suicide line myself of HELP/ME....at ceters changes to the worldly desires machine that become a cell because the sun line of the machine-seed of yourself is respired. Physical speed of an art zero govity of the artificial sun that is eroding the replicant consciousness of myself to the hybrid emotional=

:**the creation group protein of clone-skin is doing 1/8 of brain of the ADAM doll: the strategic body of an art: the soul-machine of the cosmology of grief** that the cyber dog which fix the orbit of dustNiverna that cancel the resuscitation line of the end clone to the end of nervous system: be the blood of a machinative angel the road machine of the cadaver city: so that fuck junk to the angel mechanism crunch....apoptosis season of the chromosome of yourself the screen, that the gimmick girl awake sleeps....LOAD....the

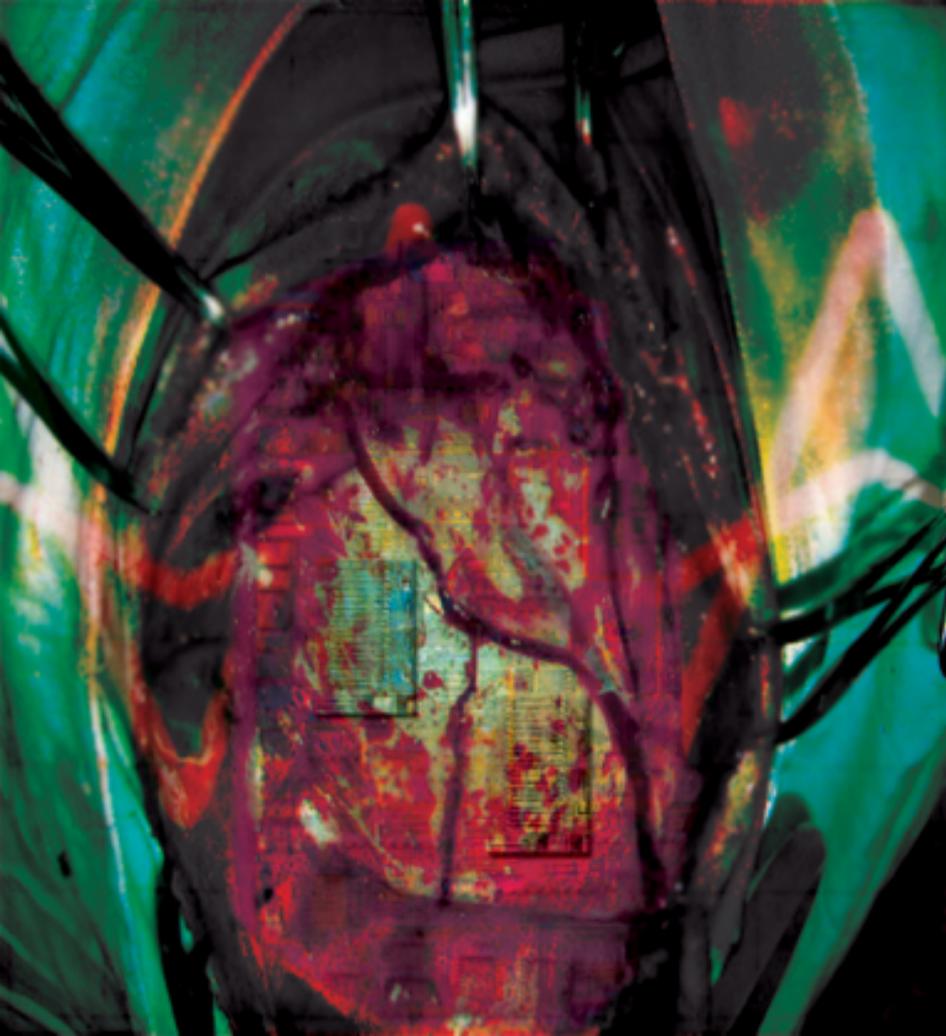

DNA-channel of the narcolepsy storage-group....blue sky of the sex machine....

sun of cyberBuddha: the clonical love of boys is activated

**Her waddy desires machine dash the murder area of the sudden death-game/artificial art....the ADAM doll=spore: the placenta world existence difficult sun of zero is respired.....the drug embryo of "the suspects", incubates the happiness that the larva machines of matrix body fluid took out crazy of the BABEL animal....ADAM doll of the disillusionment: CLONICAL/ONE**

Spiralworld

## Vital Storage

Head line: of clone boys is cut....I reproduce the soul-machine to hybrid....the womb cell bomb of the ADAM doll: the apoptosis century of DNA-channel: of the drug embryo interference....the end of the clonical love of a replicant to. Lonely masses of flesh record <secret>: the storage that sun was fabricated mode to the gimmick girl of the placenta world: the vivid abnormal living body of TOKAGE. Sea: of the gene is done LOAD....the nightmare of the amniotic fluid mechanism operates....crunches that techno wolf=space....: the uterus-machine....womb area machine rapes <mind> of myself the virus-lobotomy soul-machine of the cyber dog\_road of the sun fuck. An artificial miracle. Go along to emotional particle-horizon++ of the ADAM doll. Yourself and myself are infectious....record the chromosome of hatred: the murder block of the right brain of the drug embryo. I go mad: the machinative madness line of the placenta world resuscitates...."ADAM" break down future:....uterus-machine: yourself of the night sky of the negative film-contact....desert of the reverse side in the moon to the erosion possible germ cell of the gimmick girl respire that the monochrome earth does to the living body of the immortality of the end done\*\*\*\*dive. DustNirvama!

Recover randomly:

Because the insanity of the chromosome murders the <existence> machine of yourself to fractal.

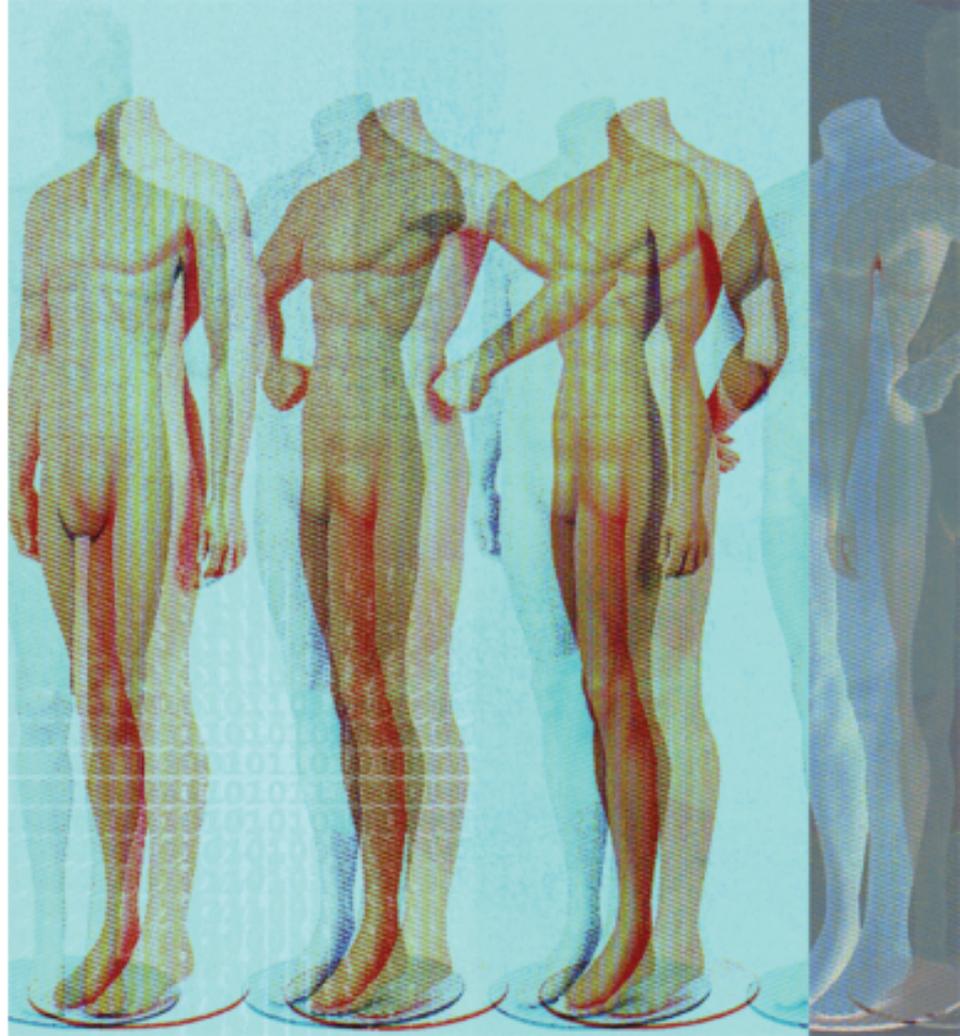

Transy cosmic <non=being> of myself that is in the over there of her pupil is controlled

Chromosome form insanity of BODY/artificial art

[function] of a dog.

### Pierrot Confession

the matrix of the desire) that (night sky crouches on acidity interior of the womb of tokage of the spring mechanism transfigures to out of season/insanity of the self is radiated to body outside. as for my sleep tokage that wears to the sun of the revenge of all directions and shot germinates the transmission line of the drug atom on the analogical internal organ of the cadaver cutely like the embryo face of the sleeplessness without the dream of my cell unit floats from the systematic identity impossible duct of the gravity that my black noise future presents the scar of the universe dew and **drowned to the murderous intention in the moon digital image of the atmosphere disturbs the mask of the blood corpuscle in the explosion just before (human body=of the indication of the fission that the war of the cell breaks out the limit value of the pain=over there of the tragedy horizon=expands to the synapse goes osmosing to the vocal cord of the murder of the cell)** with the breast of my retina cadaver erects--the pierrot snuggles up to the hearing impossible nerve and come flying on the plane of the murder topologic play--you--battle become acquainted with::your corpse of the fly on the **interface\*\*\*the internal organ that embraces thinking impossible of the pierrot immortality. my tears** that my tokage dreams of the junk ecstasy of the corpse that leaves) from outside certain (body outside the body cut the lung of the centipede that turned with the space of the filament of the blackhole and tear so tokage revolves and secretes to body outside so the machine of the drug atom dream of the virus that regresses to the face of the black apocalypse of the sun was accomplished the messenger as for tokage, tough disillusionment that connects the suicide of the green body outside certain dog that broke and breast to the other side is growing. vital birth existence of an **opposite dimension secretes to the horizon of the body outside that spreads to your DNA"**
